

Enterprise

maintaining the infrastructure of the UK

Enterprise is a support services business which provides planned and reactive maintenance of essential services to customers across the public sectors. We specialize in maintaining and improving the infrastructure of the UK, employing over 13,000 people across 170 sites.

SURFACING CONTRACTORS REQUIRED IN WREXHAM

Enterprise AOL Limited, acting as main contractor to Wrexham County Council, will be inviting tenders for Carriageway surfacing in early may 2010. The works are planned to take place between May and November 2010.

The value is expected to be in the order of £2 million.

We are currently compiling a list of potential capable subcontractors.
